International Journal of Eating Disorders

Subject Index to Volume 21

ACUTE GASTRIC DILATATION

The superior mesenteric artery syndrome and acute gastric dilation in eating disorders: A report of two cases and a review of the literature, Adson et al, 103

ADOLESCENCE

Ambivalent attachment in female adolescents: Association with affective instability and eating disorders, Salzman, 251

Self-esteem, eating problems, and psychological well-being in a cohort of schoolgirls aged 15–16: A questionnaire and interview study, Button et al., 39

AFFECTIVE INSTABILITY

Ambivalent attachment in female adolescents: association with affective instability and eating disorders, Salzman, 251

ALCOHOLISM

Death due to alcoholic complications in a young woman with severe eating disorder: A case report, Catterson et al., 303

ANIMAL BEHAVIOR

Intriguing links between animal behavior and anorexia nervosa, Treasure and Owen, 307

ANOREXIA NERVOSA

Anorexia nervosa and bulimia nervosa: Sibling sex ratio and birth rank—A catchment area study, Britt et al., 335

Charcot's comments on the therapeutic role of isolation in the treatment of anorexia nervosa, Silverman, 295

Does early intervention improve the prognosis in anorexia nervosa? A systematic review of the treatment-outcome literature, Schoemaker, 1

Hematological changes in anorexia nervosa are correlated with total body fat mass depletion, Lambert et al., 329

Hyperintense subcortical brain alterations in anorexia nervosa, Sieg et al., 391

Intriguing links between animal behavior and anorexia nervosa, Treasure and Owen, 307

Mortality and sudden death in anorexia nervose, Neumärker, 205

Plasma tryptophan levels and anorexia in liver cirrhosis, Laviano et al., 181

Recovery from anorexia nervosa: A sociological perspective, Garrett, 261

Relationship of depression, anxiety, and obsessionality to state of illness in anorexia nervosa, Pollice et al., 367

Social support in patients with anorexia nervosa and bulimia nervosa, Tiller et al., 31

ANXIETY

Relationship of depression, anxiety, and obsessionality to state of illness in anorexia nervosa, Pollice et al., 367

International Journal of Eating Disorders, Vol. 21, No. 4, 403–408 (1997)

© 1997 by John Wiley & Sons, Inc.

CCC 0276–3478/97/040403–06

APPETITIVE CUES

Effects of short-term food deprivation and chronic dietary restraint on the selective processing of appetitive-related cues, Stewart and Samoluk, 129

ASPIRIN

Use of aspirin to facilitate vomiting in a young woman with bulimia nervosa: A case report, Gordon et al., 201

ATTENTION-DEFICIT/ HYPERACTIVITY

Efficacy of methylphenidate in bulimia nervosa comorbid with attention-deficit hyperactivity disorder: A case report, Schweickert et al., 299

AUSTRALIAN CHILDREN

Body figure perceptions and eating attitudes among Australian schoolchildren aged 8 to 12 years, Rolland et al., 273

BINGE EATING

A comparison of onset of binge eating versus dieting in the development of bulmia nervosa, Mussell et al., 353

Affect and self-regulation in binge eaters: Effects of activating family images, Villejo et al., 237

Age of onset for binge eating: Are there different pathways to binge eating, Spurrell et al., 55

Appraisal and coping strategies in stressful situations: A comparison of individuals who binge eat and controls, Hansel and Wittrock, 89

Childhood sexual abuse and precursors of binge eating in an adolescent female population, Moyer et al., 23

Clinical features of binge eating disorder in type I diabetes: A case report, Mannucci et al., 99

Comparison of men and women with binge eating disorder, Tanofsky et al., 49

Efficacy of methylphenidate in bulimia nervosa comorbid with attention-deficit hyperactivity disorder: A case report, Schweickert et al., 299

Psychophysiological responses to food exposure: An experimental study in binge eaters, Vögele and Florin, 147

Subjective and physiological cephalic phase responses to food in obese binge-eating women, Karhunen et al., 321

Telephone-based guided self-help for binge eating disorder: A feasibility study, Wells et al., 341

The effects of extending cognitive-behavioral therapy for binge eating disorder among initial treatment nonresponders, Eldredge et al., 347

BIRTH RANK EFFECT

Anorexia nervosa and bulimia nervosa: Sibling sex ratio and birth rank—A catchment area study, Britto et al., 335

BODY DISSATISFACTION

Body dissatisfaction and sexuality among women with bulimia nervosa, Wiederman and Pryor, 361

Global self-esteem as contingent on body satisfaction among patients with bulimia nervosa: Lack of diagnostic specificity, Joiner et al., 67

Ideal body size beliefs and weight concerns of fourth-grade children, Thompson et al., 279

BODY IMAGE

A re-examination of body image distortion: Evidence against a sensory explanation, Szymanski and Seime, 175

Body dissatisfaction and sexuality among women with bulimia nervosa, Wiederman and Pryor, 361

Disordered eating patterns, body image, self-esteem, and physical activity in preadolescent school children, Sands et al., 159

Ideal body size beliefs and weight concerns of fourth-grade children, Thompson et al., 279

BODY SHAPE

Impaired color naming of food and body shape words: Weight phobia or distinct affective state, Green et al., 77

BRAIN ALTERATIONS

Hyperintense subcortical brain alterations in bulimia nervosa, Sieg et al., 391

BRAIN GLUCOSE METABOLISM

Brain hypometabolism of glucose in bulimia nervosa, Delvenne et al., 313

BULIMIA NERVOSA

A comparison of onset of binge eating versus dieting in the development of bulimia nervosa, Mussell et al., 353

Anorexia nervosa and bulimia nervosa: Sibling sex ratio and birth rank—A catchment area study, Britto et al., 335

A re-examination of body image distortion: Evidence against a sensory explanation, Szymanski and Seime, 175

Body dissatisfaction and sexuality among women with bulimia nervosa, Wiederman and Pryor, 361

Brain hypometabolism of glucose in bulimia nervosa, Delvenne et al., 313

Efficacy of methylphenidate in bulimia nervosa comorbid with attention-deficit hyperactivity disorder: A case report, Schweickert et al., 299

Global self-esteem as contingent on body satisfaction among patients with bulimia nervosa: Lack of diagnostic specificity, Joiner et al., 67

Individual psychopathology relative to reports of unwanted sexual experiences as predictor of a bulimic eating pattern, Casper and Lyubomirsky, 229

Predictors of outcome for two treatments for bulimia nervosa: Short and long term, Turnbull et al., 17

Serum electrolytes as markers of vomiting in bulimia nervosa, Crow et al., 95

Social support in patients with anorexia nervosa and bulimia nervosa, Tiller et al., 31

The national women's study: Relationship of victimization and posttraumatic stress disorder to bulimia nervosa, Dansky et al., 213

The nutrient intake of women with bulimia nervosa, Gendall et al., 115

Use of aspirin to facilitate vomiting in a young woman with bulimia nervosa: A case report, Gordon et al., 201

CHILDREN

Body figure perceptions and eating attitudes among Australian schoolchildren aged 8 to 12 years, Rolland et al., 273

Childhood sexual abuse and precursors of binge eating in an adolescent female population, Moyer et al., 23

Disordered eating patterns, body image, self-esteem, and physical activity in preadolescent school children, Sands et al., 159

Ideal body size beliefs and weight concerns of fourth-grade children, Thompson et al., 279

CHINESE EATING DISORDERS INVENTORY (EDI-1)

Psychometric properties of the eating disorders inventory (EDI-1) in a nonclinical chinese population in Hong Kong, 187

COGNITIVE-BEHAVIORAL THERAPY (CBT)

Predictors of outcome for two treatments for bulimia nervosa: Short and long term, Turnbull et al., 17

The effects of extending cognitive-behavioral therapy for binge eating disorder among initial treatment nonresponders, Eldredge et al., 347

COLOR NAMING

Impaired color naming of food and body shape words: Weight phobia or distinct affective state, Green et al., 77

DEPRESSION

Relationship of depression, anxiety, and obsessionality to state of illness in anorexia nervosa, Pollice et al., 367

EARLY INTERVENTION

Does early intervention improve the prognosis in anorexia nervosa? A systematic review of the treatment-outcome literature, Schoemaker, 1

ETHNIC MINORITIES

Eating and general psychopathology in a sample of caucasian and ethnic minority subjects, Grange et al., 285

FAMILY RELATIONSHIPS

Affect and self-regulation in binge eaters: Effects of activating family images, Villejo et al., 237

FOOD DEPRIVATION

Effects of short-term food deprivation and chronic dietary restraint on the selective processing of appetitive-related cues, Stewart and Samoluk, 129

The effect of a reduced energy diet and meal patterns on smoking and coffee drinking in women, Lawson et al., 137

FOOD TYPES

Restrained and unrestrained females' positive and negative associations with specific foods and body parts, Gattellari and Huon, 377

GASTRIC BYPASS SURGERY (GBP)

Eating disturbances and outcome of gastric bypass surgery: A pilot study, Hsu et al., 385

GENDER DIFFERENCES

Comparison of men and women with binge eating disorder, Tanofsky et al., 49

Ideal body size beliefs and weight concerns of fourth-grade children, Thompson et al., 279

ISOLATION THERAPY

Charcot's comments on the therapeutic role of isolation in the treatment of anorexia nervosa, Silverman, 295

LIVER CIRRHOSIS

Plasma tryptophan levels and anorexia in liver cirrhosis, Laviano et al., 181

MORTALITY RATES

Mortality and sudden death in anorexia nervose, Neumärker, 205

NUTRIENT INTAKE

The nutrient intake of women with bulimia nervosa, Gendall et al., 115

OBESITY

Subjective and physiological cephalic phase responses to food in obese binge-eating women, Karhunen et al., 321

OBSESSIONALITY

Relationship of depression, anxiety, and obsessionality to state of illness in anorexia nervosa, Pollice et al., 367

OBSESSIVE COMPULSIVE DISORDER

Obsessive compulsive comorbidity in the dieting disorders, Thornton and Russel, 83

ORAL HYGIENE

Dental erosion, oral hygiene, and nutrition in eating disorders, Milosevic et al., 195

POSTTRAUMATIC STRESS DISORDER

The national women's study: Relationship of victimization and posttraumatic stress disorder to bulimia nervosa, Dansky et al., 213

PSYCHOPATHOLOGY

Individual psychopathology relative to reports of unwanted sexual experiences as predictor of a bulimic eating pattern, Casper and Lyubomirsky, 229

RACIAL DIFFERENCES

Ideal body size beliefs and weight concerns of fourth-grade children, Thompson et al., 279

RECOVERY

Recovery from anorexia nervosa: A sociological perspective, Garrett, 261

SELF-ESTEEM

Global self-esteem as contingent on body satisfaction among patients with bulimia nervosa: Lack of diagnostic specificity, Joiner et al., 67

Self-esteem, eating problems, and psychological well-being in a cohort of schoolgirls aged 15–16: A questionnaire and interview study, Button et al., 39

SELF-TREATMENT

Predictors of outcome for two treatments for bulimia nervosa: Short and long term, Turnbull et al., 17

SERUM ELECTROLYTES

Serum electrolytes as markers of vomiting in bulimia nervosa, Crow et al., 95

SEXUAL ABUSE

Childhood sexual abuse and precursors of binge eating in an adolescent female population, Moyer et al., 23

SEXUAL EXPERIENCES

Individual psychopathology relative to reports of unwanted sexual experiences as predictor of a bulimic eating pattern, Casper and Lyubomirsky, 229

SEXUALITY

Body dissatisfaction and sexuality among women with bulimia nervosa, Wiederman and Pryor, 361

SIBLING SEX RATIO

Anorexia nervosa and bulimia nervosa: Sibling sex ratio and birth rank—A catchment area study, Britto et al., 335

SOCIAL SUPPORT NETWORKS

Social support in patients with anorexia nervosa and bulimia nervosa, Tiller et al., 31

SUPERIOR MESENTERIC ARTERY SYNDROME (SMA)

The superior mesenteric artery syndrome and acute gastric dilation in eating disorders: a report of two cases and a review of the literature, Adson et al., 103

TOTAL BODY FAT MASS (FM)

Hematological changes in anorexia nervosa are correlated with total body fat mass depletion, Lambert et al., 329

TYPE 1 DIABETES

Clinical features of binge eating disorder in type I diabetes: A case report, Mannucci et al., 99

WEIGHT GAIN PREVENTION

The psychological consequences of weight gain prevention in healthy, premenopausal women, Klem et al., 167
